R for Health

Blood: The River of Life

No other part of our body works so hard or does so many vital jobs as does our blood. The average person has 12 to 13 pints of blood. It is moved constantly through a network of about 60,000 miles of arteries, veins and capillaries in its job of feeding tissues, regulating temperature, removing waste and fighting disease. There is nothing else in the world quite like blood, and there is no substitute for it.

Just what is blood? It is composed of a number of things, the largest portion by volume being plasma. This is the fluid part of the blood and is about 92 per cent water. Probably the hardest little worker in the blood is the red cell, which is made primarily in the bone marrow. Red cells are saucer-shaped and are spongy. They hold hemoglobin, a chemical which picks up oxygen from the lungs and carries it through the body.

It is necessary to keep the production of hemoglobin at a normal rate. Best sources of iron are meat (especially liver), eggs, green leafy vegetables, whole grain bread and cereals. There is much general confusion about the Rh factor in blood. Rh stands for an inherited factor in the red cells. The Rh factor exists in 85 to 90 per cent of all Americans. These are "Rh positive." The remainder do not have the Rh factor, and they are "Rh negative."

The only real danger in a marriage is when the mother is Rh negative, the father is Rh positive, and the baby inherits the father's positive blood type. This causes the mother's blood to start producing antibodies against the baby's Rh positive blood. For this reason, and for reasons of possible blood transfusion, it is important that each person should know his blood type and his Rh factor.

ALL WHO SHARE CORN CROP MAY VOTE ON QUOTA Any resident of Coffee County who produced corn in 1958 or was entitled to share in the 1958 corn crop will be eligible to vote in the corn referendum Nov. 25. C. D. Gunter of the County Agricultural Stabilization and Conservation office announced.

An owner-operator, cash tenant, standing rent or fixed rent tenant, a share tenant or sharecropper or the landlord of a share tenant will be eligible to vote. The landlord of a standing rent, cash rent, or fixed rent tenant will not be eligible.

In addition, Mr. Gunter said, there are three other groups of eligible voters: 1. Any operator or landlord of a farm for which a 1958 corn allotment was established even though corn was not planted; 2. Any person who planted corn in 1958 but did not harvest it; and 3. Anyone who placed corn allotment land in the Soil Bank in 1958.

The purpose of the November referendum will be to determine whether the present corn program should be changed for 1959 and later years to a new program in which there would be no acreage allotments on corn and price supports would be determined on a different basis.

Twenty years from now the most severe shortage may be men and women trained to produce and handle food and fiber.

Extra Dollars FOR Logs, Standing Timber, Pulpwood

We at D and D Chips, Inc. take this medium to acquaint you with our operation at Brantley and invite you to visit our plant.

We feel that we have a plant of modern design. We are keeping pace with the revolutionary trend in the lumber industry of producing quality lumber and at the same time converting the by-product (Slabs, strips, and trimmings) into a merchantable product - chips for paper production.

This of course gives extra income from the normal waste at the old style lumber mills. We at D and D Chips Inc. want to pass this saving on to you through higher prices for your forest products.

We invite you to visit us and we solicit your business in a sincere and honorable manner. We offer as witness to our sincerity and integrity the many satisfied loggers and timberholders that we have dealt with and are dealing with. We are very anxious to add you to this growing list.

We pay the following Prices delivered to Brantley:

PINE	\$60.00 PER THOUSAND
POPLAR, BAY, AND	
MAGNOLIA	\$55.00 PER THOUSAND

For Further Information—

LEGAL NOTICES

STATE OF ALABAMA
COFFEE COUNTY

Whereas, Fred Foley and wife, Sarah J. Foley, executed to A. A. Foley on, to-wit, February 5, 1952, a mortgage upon the real estate hereinafter described to secure an indebtedness described therein, said mortgage being recorded in the office of the Judge of Probate of Coffee County, Alabama, at Elba, in Book of Mortgages 13-A, page 407, and

Whereas, default has been made by mortgagors in payment of said mortgage and in the performance of the terms of said mortgage:

Now, therefore, A. A. Foley, the mortgagee and owner of said note and mortgage, will sell under and by virtue of the power of sale contained in said mortgage, between 11 o'clock A. M. and 4 o'clock P. M. on the 1st day of December, 1958, at auction to the highest bidder for cash, in front of the Court House door at Elba, Coffee County, Alabama, the real estate embraced in said mortgage, described substantially as follows:

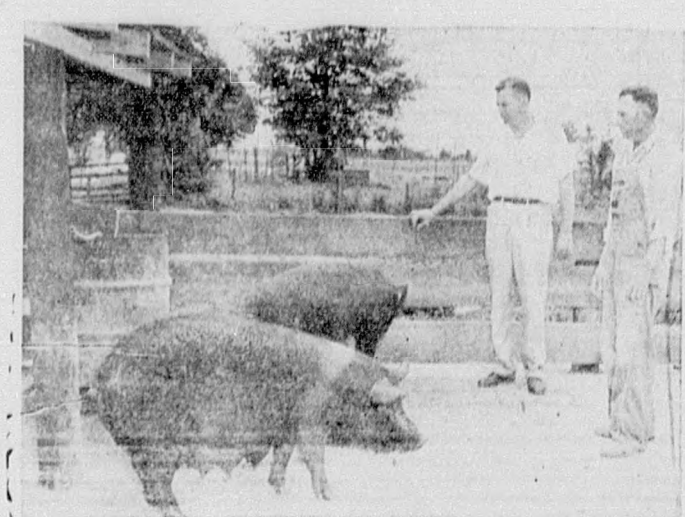

W^{1/2} of SW^{1/4} of SW^{1/4}, Section 20, Township 34 S., Range 19 E., also a strip of land commencing at a point 124 yards West from the Southeast corner of SW^{1/4} of SW^{1/4}, Section 20, Township 34 S., Range 19 E., thence South 25 yards to forty line, thence East 96 yards to starting point; also all of the W^{1/2} of NW^{1/4} of NW^{1/4} of Section 20, Township 34 S., Range 19 E., which lies Nor-west of the Elba and Opp public road; also all of the NW^{1/4} of SE^{1/4} of Section 19, Township 34 S., Range 19 E., containing 43 1/2 acres, more or less, Coffee County, Alabama, and including all improvements thereon.

Said sale will be made for the purpose of realizing the mortgage debt, together with all expenses of this sale, including a

Through the Keyhole

BY MRS. ROBERT CANNON

CONCRETE FEEDING PIN

J. J. Grimes (Doris) of Elba, shows Mary, Grimes' 12-year-old daughter, his concrete feeding pin. The pin is 22 feet by 30 feet with a 4-inch concrete slab. Concrete was installed for the highest bidder for cash, in front of the Court House door at Elba, Coffee County, Alabama, the real estate embraced in said mortgage, described substantially as follows:

Mr. Grimes is one of many coffee farmers in Coffee County that is on the Farm and Home Development program available to Coffee County farmers upon request through the county Extension Service. This program is designed to furnish necessary counsel and assistance so that a farmer can more efficiently use all his land, labor, capital and other assets to increase his net farm income.

Little feed will be wasted and their boy and teach safety in handling a gun. Just assume that he doesn't know anything about safe gun handling and give him a good lesson starting with the very simple things.

At this time of the year, when leaves are falling and hunters are moving through the woods, we are likely to have several serious fires. Folks who deal in facts causing fires say that about 99 per cent of our fires are caused by human beings. Let's all work together this year in Coffee County to really cut down on the number of fires. Last year I saw several good stands of young timber almost totally ruined by fire. We have more at stake now than we had a few years ago because hundreds of farmers over the county have set pine trees under the Acreage Reserve Program. A lot of these fields have grown up in weeds which will easily catch fire. Let's re-double our efforts to prevent fires and encourage our children and neighbors to do the same.

Safety—
In a survey conducted the past two weeks, I have found that about half of the 600 4-H Club boys in Coffee County have guns, and everytime we meet, I'm giving them the ten rules for safe hunting. Probably a hundred or more boys in Coffee County will get guns for Christmas. I would like to urge all parents to sit down with reasonable children's for.

A. A. FOLEY

SUCH A PLEASURE

to see Fraser Ringsdorf home again. And what a joy to meet his wife, Gemma, and the toddler Mary. Gemma and the toddler Mary were with them last week and found Gemma as attractive as Fraser's letters had claimed her to be. And little Mary quickly wins your heart with her gleeful smiles and not-quite steady walk.

The Ringsdorfs were busy with unpacking all the barrels brought with them from Turkey and planning what to re-pack to take to the University where Fraser plans to attend school. It was a job we did not envy them.

The social activity will be increased now since this popular young couple has returned, and we have already been informed of several parties planned for them. So we join the town in giving to Gemma a heartfelt welcome to Elba. We hope she will be happy here.

THERE IS AN AIR OF

excitement at Doris and Haywood Taylor's home since the 28th of October when a dear little girl came to live with them, Susan Marie weighs six and one half pounds and spent the first week of her life in Enterprise. She and Doris are now at home to their friends, and we have been told that this little Miss is a really pretty baby.

Homecoming is supposed to be a time of re-acquaintance with old classmates. But we spent three days at Bama and saw few school friends but

many Elba friends.

Elba, familiar face belonged to Marilee Lee, who looked quite stunning in a blue outfit despite the cold, we weathered. With Marilee were Richard Norman, Dixie and Harold Deal and Hazel and M. J. Lee.

We stayed with them during the parade and all of us were pleased to have the Chi Omega sorority win a prize for their parade entry which was a satire on the movie "Viking."

Leaving the bench from which we reviewed the parade, we ran into Louise and Houghton Ben Larkins of Decatur outside the "Bugs" store. We saw them again at the sorority house coffee where Houghton Ben discovered that daughter Judy's sorority sisters were daughters of his college friends. So all the men had a grand time.

At the game we waved to Lorene San and Lolla Ann Sawyer. She having flown down from Stephens College for the game. Snapping after that glorious game to congratulate the players, we chatted with Mary Alice Lee, Mr. Ollis Dyess, and the Dyess, Waved to the John B. Wise, but lost them in the crowd when we went over to speak to Mack.

Lamar Vaughan had a seat next to us at the game and we recognized Donald Colquhoun and his family of Opp several rows back and Kenneth Patten and wife of Enterprise across the aisle. As all of us were too close to the goalposts, we made jesting remarks about the important positions we hold in the alumni association. But we would have enjoyed that ballgame from the bleachers.

Also having a fine time were Fletcher Carney and Marion Brunson and later we called to Bill Stokes.

Snapping after that glorious game to congratulate the players, we chatted with Mary Alice Lee, Mr. Ollis Dyess, and the Dyess, Waved to the John B. Wise, but lost them in the crowd when we went over to speak to Mack.

Lamar Vaughan had a seat next to us at the game and we recognized Donald Colquhoun and his family of Opp several rows back and Kenneth Patten and wife of Enterprise across the aisle. As all of us were too close to the goalposts, we made jesting remarks about the important positions we hold in the alumni association. But we would have enjoyed that ballgame from the bleachers.

Also having a fine time were Fletcher Carney and Marion Brunson and later we called to Bill Stokes.

many Elba friends.

Elba, familiar face belonged to Marilee Lee, who looked quite stunning in a blue outfit despite the cold, we weathered. With Marilee were Richard Norman, Dixie and Harold Deal and Hazel and M. J. Lee.

We stayed with them during the parade and all of us were pleased to have the Chi Omega sorority win a prize for their parade entry which was a satire on the movie "Viking."

Leaving the bench from which we reviewed the parade, we ran into Louise and Houghton Ben Larkins of Decatur outside the "Bugs" store. We saw them again at the sorority house coffee where Houghton Ben discovered that daughter Judy's sorority sisters were daughters of his college friends. So all the men had a grand time.

At the game we waved to Lorene San and Lolla Ann Sawyer. She having flown down from Stephens College for the game. Snapping after that glorious game to congratulate the players, we chatted with Mary Alice Lee, Mr. Ollis Dyess, and the Dyess, Waved to the John B. Wise, but lost them in the crowd when we went over to speak to Mack.

Tea Shower Honors Miss Bullard At Church Hall

Miss Elizabeth Bullard, lovely in a pink velvet dress, received the many guests who came to call on Tuesday, Oct. 28, when she was honored at a tea shower. The social hall of the West Side Baptist Church was attractively decorated for this party which was given by Mrs. Robbie Russell, Mrs. Ann Bullard, Miss Carolyn Hudson and Miss Vivian Matthews.

The refreshment table was covered with a white lace cloth over pink and centered with a punch bowl surrounded by dainty coral wine. Three tall pink candles burned in a silver candelabra, bowls and trays held minis, nuts and sandwiches. Roses adorned the piano.

Miss Linda Hersey, sister of the groom-elect, presented a repertoire of musical numbers and Mrs. Albert Reeves regaled guests. In the receiving line with the bride-elect were Mrs. Russell, Mrs. W. A. Bullard, Mother of the bride, and Mrs. O. L. Hornsby of New Brockton, mother of the groom.

Miss Grace Ebert, Mrs. L. A. Boyd III, and Mrs. Fred Clark spent Wednesday in Montgomery attending a meeting of the Board of Pensions and Securities.

Mrs. Joe Vann of Troy spent two days here last week as guests of Mr. and Mrs. Robert Cannon.

Miss Jean Jacobs, daughter of Mr. and Mrs. J. D. Jacobs of Elba, is in training as a Junior Nurse at Caraway Hospital in Birmingham.

A central farrowing house has been found to be of benefit in swine production.

HUNTING SEASON ON MIGRATORY BIRDS IS NEAR

The hunting season on migratory waterfowl will open throughout Alabama, Nov. 7, and will close Jan. 15, according to an announcement by W. H. Drinkard, Director of Alabama's Department of Conservation.

Seasons that are opening will allow shooting of ducks, geese, mallards, and other waterfowl. Hunters may shoot from half hour before sunrise to half hour before sunset, except in the area north of the Mobile Causeway and south of the Railroad Bridge, where shooting will be

SALT MINE under metropolitan Detroit, Michigan, offers a unique civil defense opportunity for a large target city to provide both blast and fallout shelter for a substantial number of its citizens with a minimum amount of additional excavation. The mine—second largest rock salt mine in the world—is 1,137 feet under the surface. It would need more equipment and access ramps or elevators to serve as a mass shelter from attack. (Photo courtesy International Salt Co.)

permitted from half hour before sunrise to twelve noon only.

The daily bag and possession limits on ducks will be 4 and 8, respectively. However, the daily bag limit on ducks may not include more than 2 canvasbacks or 2 redheads, or 1 canvasback and 1 redhead. The possession limit may not include more than 4 canvasbacks, or 4 redheads, or 4 in the aggregate of both canvasbacks and redheads. The daily bag and possession limit may include 1 wood duck. As was in effect last year, the daily bag and possession limit on geese shall be 5. Such limits, however, may include more than 3 Canada geese or its subspecies, or 2 white-fronted geese, or 1 Canada goose or its subspecies.

In addition to the bag limit on other ducks, the daily bag and possession limit on geese is 10. The daily bag limit on geese is 5, possession limit 10, single or in aggregate of both kinds. Hunters may include not more than 1 hooded merganser in daily bag or possession limits.

Hunter shooting waterfowl are required to possess state or county hunting licenses and a Federal duck stamp.

Pineapple milkers with leaky valves cause acid to form in the milk and give it a bad taste, studies show.

Farm rates were at the highest point on record at mid-year.

THE SAFETY OF THE PUBLIC IS THE SUPREMACY LAW

The practice of pharmacy is carefully regulated, by many laws. Pharmacists are required to know every necessary fact about the dosage, preservation and dispensing of all drugs and medicines. When you secure any medicine, it is important that you get it from a pharmacist. We can protect your safety by answering your questions and cautioning you against possible overdoses or misuse. There is no good reason why you should get any medicine or health aid from anyone but a pharmacist. We are pledged to consider your safety our chief duty.

From long experience, Southern motorists expect Standard Oil to be first with the best. During 1957, our expenditures in Alabama, Florida, Georgia, Kentucky and Mississippi, for additional real estate, buildings and facilities... enlargement, repair and maintenance for present plants and equipment... and all expenses of operation, including payroll, licenses and taxes (excluding Federal income taxes)—amounted to over \$50,000,000.

Our future is the future of the South. We never lose sight of the fact in making plans and expenditures.

VAST CAVERNS excavated in granite by Swedish engineers provide Stockholm and other cities with some of the world's best civil defense shelters today. Built for only about 25 per cent more than surface construction costs, they provide up to 20,000 persons per shelter with protection from radioactive fallout, and also the blast from all but a nearby nuclear hit. Many shelters have peacetime uses, too, such as underground parking garages. (Swedish Civil Defense Photos)

Burrow Bees More Help Than Harm

By W. A. Ruffin
API Extension Entomologist
During the past few weeks I have had letters or telephone

calls from Auburn, Gadsden, Birmingham, and Moulton about what appeared to be bees or wasps hovering near the ground over lawns, flower gardens, or hay fields. The insects about which these people were concerned are mining bees or burrow bees. They live in burrows made in firm soil. The sites they select for their nests are usually clay banks or areas where the vegetation is rather sparse. When burrow bees select one's lawn as a place to live, they become something of a nuisance. They can, but rarely do, sting; and when digging their nests, they may cause some damage to the lawn area. But you can rest assured that these little busybodies are doing more good than harm. They all feed their young on other insects.

27 Pigs Borne By One Sow In One Year's Time

A litter of 16 pigs was borne recently by a sow belonging to Lemon Mock of Route 3, Elba, and all except one lived. The sow, three-fourths Duroc, had already borne a litter of 11 pigs this year for a total of 27 pigs from one sow in a single year.

Mr. Mock works his farm on Samson Highway with the help of his son, Doris, and his other livestock include cows and poultry.

There is no available information about how much more a sow in a year, so persons who know of a better record are asked to write to The Elba Clipper giving names, addresses and dates for publication in a subsequent issue.

the Book that Lives...

THE CHURCH FOR ALL... ALL FOR THE CHURCH

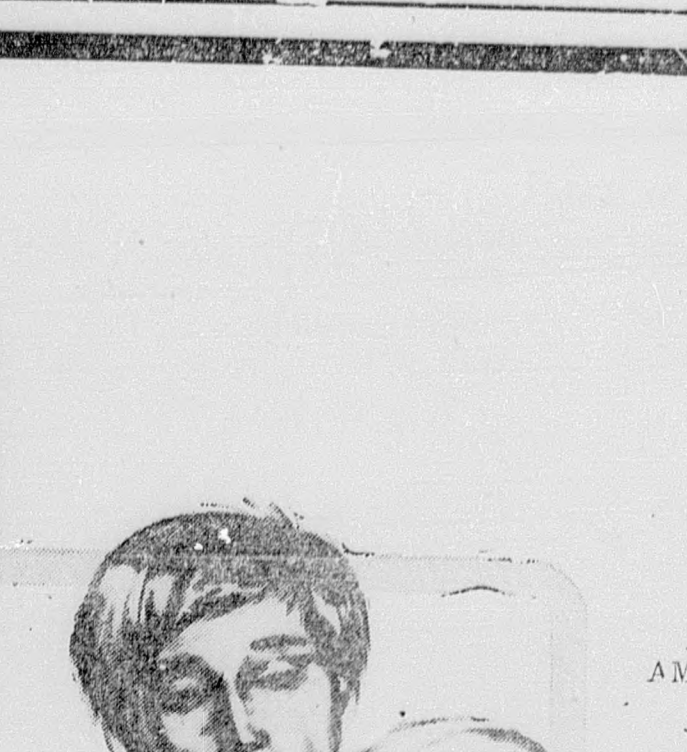

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	1 John	1	1-4
Monday	Luke	8	11-15
Tuesday	John	6	24-29
Wednesday	Proverbs	6	21-23
Thursday	Psalm	19	7-11
Friday	Deuteronomy	30	11-14
Saturday	Revelation	22	1-21

Go then to the Book that Lives. Through study, prayer and worship we will find that peace which has been granted to millions in every corner of the globe. Discover anew your life through the Book that Lives.

AMERICAN BIBLE
SOCIETY
New York 22, N. Y.

Through every generation and in every nation—people have looked for peace and security. Hundreds of volumes have been written on the subject and thinkers and writers have devoted their lives to the search.

But of all these books, the Bible is most concerned with peace and security. "Fear not, for I am with you; be not dismayed for I am your God."

No man-made philosophy can banish the worries and troubles of life. But in the gospel we find assurance of His care.

God loves us. When we go to Him in humility, He cleanses us of sin. Our minds are put at ease. Peace fills our souls.

Go then to the Book that Lives. Through study, prayer and worship we will find that peace which has been granted to millions in every corner of the globe. Discover anew your life through the Book that Lives.

Special Elba School Tax Election To Be Tuesday

FEED LOT TREND FOR CATTLE IS SEEN BY WRITER

By Tom Casaday

Mr. P. O. Davis, Director of API Extension Service, wrote an article a few days ago about farming in Alabama. He selected two short paragraphs which certainly apply to Coffee County farmers. Director Davis said, "It appears now that Alabama farmers will look back at 1958 as a reasonably good year for them, especially full-time farmers who have enough land and other essentials to good farming."

With favorable weather, corn yields hit a new high, 32 bushels per acre. The previous high was 30 bushels in 1955. Yields of cotton, peanuts and other crops were above average or better.

These facts are causing farmers to face the future with more confidence. Those who are full-time farmers with adequate land and other essentials continue to have satisfactory returns from farming.

These three facts challenge serious thinking by farmers who are planning for the future: (1) Total production of grains and other seed crops attained a new high level in 1958. (2) A big crop is on the way, up about 17 percent.

These facts will affect livestock prices next year. More animals from breeding and more feed may lower prices, probably will.

Number one above should challenge us to think of ways to use our big corn in the most profitable way. His number two statement points out the need for our cattlemen and farmers to at least eliminate the practice of selling young, small, low grade cattle and at the same time, start feeding out other cattle to heavier weights where feed and grazing is available.

Fertilizing Pines—Pecans.
Will it pay to use fertilizer on your pines? A lot of people have asked this question.

According to API Extension Forester Ike Martin, there is no available research that proves fertilizing forestry projects. In fact, experiments show that large scale fertilization in the woods is not a good practice.

On the other hand, Martin pointed out that landowners who wish to speed up growth of yard - planted pines or young pine tree areas that are to be sold for building lots may be justified in fertilizing.

Hundreds of urban and farm people in Coffee County have young pines around the house and barn. So if you want to speed up growth, use about 1-4 pound around each little seedling, on two or three year old trees, use about 1-2 pound. Don't put the fertilizer too close to the trunk.

For pecan trees, use two to three pounds of 8-8-8 fertilizer per tree for each year of the tree's age on trees up to 15 years old. On older trees, use 1200 to 2000 pounds of 8-8-8 per acre. Apply half before growth starts in the spring and the other half after fruit is set.

Revival Scheduled At Shiloh Baptist

Revival services will begin at Shiloh Baptist Church, five miles south of Elba on the Kinship Highway, Sunday, Nov. 23, and continue daily at 7:30 p.m. through Sunday, Nov. 30.

Tigers Seek Even Break With Ozark

By Bobby Innman

The Tigers of Elba High school will journey to Ozark Friday for their last game of the season, in an effort to even their won-lost record at 5-5.

The Eagles have improved steadily over the season, and are considered tough opponents.

Last Friday in Troy, the Tigers suffered a stunning defeat at the hands of the Trojans, going down under a deluge of TDs, 36-14. Troy opened the game with a first quarter and twice in the second to lead 20-0 at the half.

The Bengals did slightly better in the second half, scoring two touchdowns, but still were unable to stop the Troy drive. Late in the game, Elba QB Jimmy Wise was caught in his end zone while attempting to pass, adding a safety to the Trojans' score.

QB Wise, HB Jack Flowers, and FB Earl McCollough were the leading ground gainers for the Tigers. The first Elba TD was scored on a run by Tom Dyess and the second was a pass from Wise to McCollough.

In the line, Billy Brunson and Carl Nelson were the standouts for the Tigers.

Ozark's Billy Knowles and Leslie Waller, a pair of hard running backs, will be the main threats for the Eagles Friday night as they face the Tigers.

Knowles scored 6 TDs against Abbeville in the Eagles' 50-7 victory two weeks ago, and Waller has been a constant threat all season in the Ozark backfield.

Bond Forfeited
Bond of Kilmer Johnson, of New Brockton, was declared forfeited when he failed to appear to answer charges of disposing of mortgaged property.

Sherriff Tillman's investigation showed he traded an automobile on which Basil Whitman Motors, Inc. held a mortgage, and disposed of car to a man mortgaged to Elba Finance Co., on which he obtained a loan of \$15,000.

Radio Station Starts Daily Programs Here
A radio broadcasting station went on the air in Elba Sunday.

Station WELB, owned by Howard Parrish, Jr., of Ozark, began daily broadcasts going on the air at 5 a.m. weekdays and 9 a.m. Sundays. Mr. Parrish is manager of station WQZK, in Ozark.

Manager of the station here is Jerry Cogan, recently associated with the Ozark station. With 1,000 watts power, it will broadcast daily until sundown. The station is located on the Troy highway.

Teachers Attend District AEA Meet

A group of teachers from Elba attended a meeting of District 3, Alabama Educational Association, Monday night at Enterprise High School when the guest speaker was Frank Stewart, who will take office in January as state superintendent of education.

Revival Scheduled At Shiloh Baptist

Revival services will begin at Shiloh Baptist Church, five miles south of Elba on the Kinship Highway, Sunday, Nov. 23, and continue daily at 7:30 p.m. through Sunday, Nov. 30.

DR. WARR RETURNS

Dr. E. M. Warr of Elba, returned to his office following a trip to Montgomery to attend the Fall Educational meeting of the Alabama Optometric Association.

NO GRACE PERIOD

Does what some veterans may believe, there is no grace period for the late payment of installments on GI loans.

SENTENCES ARE PRONOUNCED BY JUDGE PAUL

One defendant was freed by a jury and a number of other criminal cases were disposed of in Circuit Court last week before Judge Eris P. Paul.

Louie Lee, who lives in the northeast part of the county, was acquitted of a charge of assault and battery in the alleged striking of Freeman A. Lee's home.

Hog Theft Charged
Q. V. Jackson, who now lives at Avon Park, Fla., was sentenced to two years in prison and put on probation on a charge of grand larceny in the theft of hogs from Andrew Wise, of Fairview community, in February, 1957. The case was investigated by Sheriff H. D. Tillman.

Willie Layton's bond was declared forfeited when he failed to appear to answer a charge of grand larceny in the theft of a twenty-dollar bill from the pocket of Mr. Grizzle, who lives on the Enterprise highway near Elba. Sheriff Tillman's investigation showed Layton went to Grizzle's home and while talking with him slipped the money from Layton's trousers hanging on a chair, according to Mrs. Grizzle.

A charge of obtaining money under false pretenses against John Gibbs, of Talladega, was continued due to illness of the defendant. Sheriff Tillman's investigation showed he gave worthless checks totaling about \$8,000 to the Farmers Livestock Cooperative Market.

Bond Forfeited
Bond of Kilmer Johnson, of New Brockton, was declared forfeited when he failed to appear to answer charges of disposing of mortgaged property.

Sherriff Tillman's investigation showed he traded an automobile on which Basil Whitman Motors, Inc. held a mortgage, and disposed of car to a man mortgaged to Elba Finance Co., on which he obtained a loan of \$15,000.

Values Of Higher Education Shown

Purely from a dollars and cents standpoint, what is the value of an education to a young man in Coffee County? What is it worth to him, in lifetime earnings, to go through high school and college?

The questions are of particular interest right now with an election set for next Tuesday to increase the ad valorem tax five mills for schools.

Studies made by the U. S. Department of Labor, the Department of Health, Education and Welfare and other agencies show that the financial benefits are very real. In size, they vary for each region, depending on local economic conditions.

Income Doubles
The typical Coffee County youth, equipped with an amount of education equal to the average, can look forward to lifetime earnings of \$80,000, based on the findings. The figure takes into account present income levels locally as well as life span and number of years of schooling.

It is nearly twice the sum a man had prospects of earning at the last World War. Inflationary effects considered.

The Census Bureau states that going through high school and college yields as much as \$3,400 extra in annual earnings power over the years.

How They Compare
The average income of families headed by college graduates is \$7,600 a year, compared with \$5,500 for those headed by high school graduates and \$4,200 for those headed by elementary school graduates, based on 1956 data.

Among residents of Coffee County, the educational level was shown by the last census to be relatively high and increasing, with a median of 7.3 years of schooling for the adult population.

Levels Rise
Educational levels locally and in most other parts of the country have been rising steadily since the war and are expected to continue in that direction. In 1957 more than two fifths of the population over age 25 had a secondary school education or better, compared with only one-fourth in 1940.

However, a sizeable number are dropping out earlier for one reason or another. They might give second thought to this move, states the report, if they knew what they were sacrificing in earning capacity.

JOSEPH DIXON LEE
Joseph Dixon Lee, 72, lifetime resident of Elba, died Sunday, Nov. 9, in the Opp hospital after a long illness. He is survived by his wife and one sister, Mrs. W. J. Wise of Alabama.

Funeral services were held from the Shiloh Baptist church with the Rev. W. B. Hendricks officiating. Burial was in Evergreen cemetery.

JOHNNY NELSON
Johnny Nelson, 48, formerly of Elba, died Nov. 5 in Clearwater, Fla. He is survived by five brothers, V. S. of Clearwater, Arthur of Arco, Fla.; Buster of Arco; Jack of Clearwater and O. J. Nelson of Ozark. Three sisters, Mrs. Clemmie Calhoun of Largo; Mrs. Mertie Gathlin and Mrs. Mattie Rainey, both of Clearwater.
